**vtec** is Fidelity National Title Company's online ordering and transaction management system. **vtec** gives you access to your closing transaction files and other important documents 24 hours a day, 7 days a week.

## With vtec now you can:

- Access property information
- Order title work, O&E's and listing/marketing services
- Manage your transactions and organize your files 24/7
- Access, share and store your documents
- Give access to and email documents to parties of your transaction
- Easily search for open, closed or cancelled transactions

Stacks of paper and file cabinets cluttering up your desk and office are a thing of the past. Today the answer is **vtec**, your online title document storage solution.

## Modern communication

With a safe and secure login you'll be the one in control of the list of authorized users with access to your clients' closing documents. You'll have the contact information of key people in the transaction at your fingertips.

Now more than ever people are looking to the internet for property information and to educate themselves about real estate transactions. Be as tech-savvy as your clients with **vtec**.

Visit our Fidelity National Title Company's website at [www.fntcolorado.com](http://www.fntcolorado.com) to start using **vtec**. It's really that easy!
